Lighting with Innovation at Havells

At Havells, we believe light is the fourth dimension of architecture. It can guide and direct. It can also enhance and show objects in its dynamic and marvelous self.

We understand every space needs lighting that is tailor-made for it, enhances it and brings everything to life; and it is this property that has been the hallmark in every product that comes out of our factory.

Our luminaires are not merely tools of illumination but the torchbearers of a new era in lighting. They stand testimony to our strength in manufacturing, from OPTO electronics to LED technology and integrating them in our state-of-the-art plants.

Our customers can rely on every aspect of safety, performance and reliability from our products.

And now we present our latest offerings, designed taking into consideration the feedback received from clients, customers and designers alike:

Office Lighting: Paradigms have been redefined with the advent of open plan offices. We are proud to present our range of lighting products for a brighter and more productive office space.

Street Lights: Smart cities evolving in India demand Next-Gen lighting. Havells street lighting range encompasses all the features that are needed for a more efficient lighting system.

Landscape Lighting: The Havells range of landscape lighting products have been revamped and new products introduced, to keep in sync with market dynamics and needs.

Industrial Lighting: The 'Make in India' initiative has given rise to a new set of high-tech industries all over India. The Havells industrial lighting range aims to provide a wide range of lighting solutions to new and existing industries.

Retail Lighting: Retail shopping is all about experience. With Havells retail lighting, deliver new and exciting experiences to customers..

Solar Lighting: Ambitious solar growth in India demands light fittings that are rugged, durable and in tune with latest industry standards. Our range of solar lighting goes a step ahead. People and the environmental footprint are central to our approach and form the basis of our sustainable policy.

We combine our innovation and extensive experience to create lighting solutions that makes people feel good not only visually but also emotionally.
